TRANSFER TREATY DETERMINATION UNDER 18 U.S.C. §4106A

Name: DAWSON, Donald

Institution: La Tuna FCI

Register Number: 10814-280

Date: June 10, 2008

Offense

Transferee was convicted of Possession of and Trade With Methamphetamine in Mexico and sentenced to serve 5 years imprisonment. The Commission finds that transferee's offense is most similar to Possession With Intent to Distribute a Controlled Substance.

Sentencing Guideline Determination

The Commission finds that transferee's total offense level is 16, transferee's criminal history category is I, and the guideline range applicable to transferee is 21-27 months.

Release Date Determination

The Commission sets a release date after service of 29 months. Foreign labor credits and good conduct time credits, if any, will be deducted from this release date under Bureau of Prisons' procedures.

Reason for Release Date Determination

The release date departs from the applicable guideline range because you have already served above the guideline range.

Period and Conditions of Supervised Release

The Commission finds that transferee is subject to a maximum period of supervised release of 3 years and that the applicable guideline period of supervised release under §5D1.2 is 36 to 60 months.

Period of Supervised Release

The Commission orders that transferee, immediately upon release from imprisonment, begin serving a 36-month period of supervised release, or until the full-term date of transferee's foreign sentence (currently calculated to be 1/24/2011), whichever is earlier. If the full-term date of transferee's foreign sentence occurs before completion of the period of supervised release the Commission has imposed, transferee's period of supervised release shall end on the date transferee's foreign sentence expires.

Name: DAWSON, Donald Institution: La Tuna FCI

Register Number: 10814-280 Date: June 10, 2008

Conditions of Supervised Release

The Commission imposes the standard conditions of supervised release (see attached).

The Commission imposes the following special condition (see attached):

In addition, you shall be subject to the Special Drug Aftercare Condition that requires that you participate as instructed by your U.S. Probation Officer in a program (inpatient or outpatient) approved by the U.S. Parole Commission for the treatment of narcotic addiction or drug dependency. That program may include testing and examination to determine if you have reverted to the use of drugs. You shall also abstain from the use of alcohol and all other intoxicants during and after the course of treatment.

The Commission imposes this condition because you have a history of using controlled substances.

The notice of appeal must be filed in accordance with Title IV of the Federal Rules of Appellate Procedure. A notice of appeal must also be filed with the United States Parole Commission (to the attention of the General Counsel's office).

NOTE: If the Commission has ordered a period of supervised release that expires before the full term of your foreign sentence, your foreign sentence remains in effect and continues to serve as the maximum authorized term that you may be required to serve.
